

Check the level of DBS required

Please find the information below if you are the person responsible for completing DBS checks in your club and you are unsure of the level of check you should be processing. Certain roles require an enhanced check with barred list whilst other roles may require an enhanced check without barring list.

Find out if you can check someone's criminal record

Use this tool to find out if you can apply for a DBS check (formerly a CRB check). You can only check someone's criminal record if they're applying for certain roles.

This tool only covers roles in England and Wales. Find out if you can get a check in [Scotland](#) or [Northern Ireland](#).

If you're applying for the role

You can't get a check for yourself, but you can use this tool to see if your criminal record can be checked.

If your employer can't check your record they may ask you to [request a 'basic disclosure'](#) instead.

Checking for a management role

Use this tool to see if you can check the staff they manage. If you can, you can request that same check for the manager.

Start now

It's against the law for employers to employ someone or allow them to volunteer for this kind of work if they know they're on one of the barred lists.
